NSW	Pacific Highway - Bulahdelah Bypass	The project will provide a full bypass of Bulahdelah comprising a new 8.5 kilometre four-lane divided highway bypass to the east of Bulahdelah from about 1.5 kilometres south of Booral Road northwards to the existing dual carriageway at Wootton Way.	\$349,000,000	Roads & Traffic Authority of New South Wales
NSW	Pacific Highway - Banora Point/Sextons Hill	The project is to construct a 2.5 kilometre deviation to bypass the Banora Point urban centre, including a 330 metre long viaduct across the gully to the south of the project and a 100 metre wide land bridge maintaining much of Wilson Park.	\$298,000,000	Roads & Traffic Authority of New South Wales
NSW	Tarcutta Bypass	Planning works are currently underway for the construction of a 6.8 kilometre four-lane divided highway bypass of Tarcutta. Once completed, the preferred option, to the west of Tarcutta, will connect with existing dual carriageways approximately 4 kilometres to the north and 3 kilometres to the south of the town.	\$238,000,000	Roads & Traffic Authority of New South Wales
NSW	Woomargama Bypass	Planning works are currently underway for the construction of an 8.9 kilometre four-lane divided highway bypass of Woomargama. Once completed, the preferred option, to the west of Woomargama, will connect with existing dual carriageways to the north and south of the town.	\$265,000,000	Roads & Traffic Authority of New South Wales

QLD	Ipswich Motorway - Dinmore to Goodna	This project will upgrade 8 kilometres of the Ipswich Motorway and will include constructing additional traffic lanes, widening existing lanes and improving interchanges.	\$1,764,600,000	Queensland Department of Transport and Main Roads
QLD	Douglas Arterial Duplication	The project will duplicate the existing two lane Douglas Arterial Road to a four lane motorway standard. Improvements include duplicated bridges over University Creek and the Ross River together with upgraded interchanges at Discovery and Angus Smith Drives and construction of a second carriage way.	\$55,000,000	Queensland Department of Transport and Main Roads
QLD	Pacific Motorway Transit Project (Section B) - Daisy Hill to Springwood South	This project will upgrade the Pacific Motorway from Springwood South to Daisy Hill, including the Loganlea Road and Paradise Road Interchanges. The project will also provide connections to two new bus lanes and is approximately 3 kilometres in length.	\$210,000,000	Queensland Department of Transport and Main Roads

State	Project	Project description	Commonwealth funding	Proponent
VIC	Goulburn Valley Highway - Nagambie Bypass	The 17 kilometre long Nagambie Bypass will involve the construction of a new 13.5 kilometre freeway-standard highway to the east of Nagambie and duplication of 3.5 kilometres of the existing Goulburn Valley Highway between Kirwans Bridge - Longwood Road and Weir Road.	\$177,600,000	Department of Transport, Victoria
VIC	Princes Highway East Duplication - Traralgon to Sale	The Princes Highway East - Traralgon to Sale duplication involves widening the Princes Highway between Traralgon and Sale to provide two lanes in each direction. This will duplicate approximately 22 of the 44 kilometres, and ultimately result in a four lane, divided highway.	\$140,000,000	Department of Transport, Victoria
VIC	Western Highway - Anthony's Cutting Realignment	This project involves the construction of a four-lane dual carriageway on a new alignment approximately five kilometres in length between Harkness Road, West Melton and Bacchus Marsh.	\$160,000,000	Department of Transport, Victoria
VIC	Western Ring Road Upgrade	The 38 kilometre long Western Ring Road extends from the Hume Freeway in Campbellfield to Laverton North, where it links with the Princes and West Gate Freeways. A series of capacity and safety improvement works will be undertaken at key locations along the Western Ring Road.	\$900,000,000	Department of Transport, Victoria

State	Project	Project description	Commonwealth funding	Proponent
WA	Mandurah Entrance Road	A new 6.5 kilometre road between the Kwinana Freeway extension and Mandurah, including a diamond interchange with the Kwinana Freeway extension.	\$77,500,000	Main Roads, Western Australia
SA	Northern Expressway and Port Wakefield Road Upgrade	A new 23 kilometre, four lane expressway standard road from Gawler to Port Wakefield Road, and the upgrade of an 11 kilometre section of Port Wakefield Road to the Salisbury Highway.	\$451,200,000	Department for Transport, Energy and Infrastructure, South Australia
TAS	Midland Highway - Brighton Bypass	The bypass around Brighton will be a 9.5 kilometre four lane dual carriageway extending from the roundabout at the junction of the Midland and East Derwent Highways to the northern side of Pontville.	\$186,200,000	Department of Infrastructure, Energy and Resources, Tasmania
